

# **SURVEILLANCE SYSTEMS INC. IS PROUD TO ANNOUNCE THE ACQUISITION OF TECHNOLOGY INTEGRATORS LLC.**

## **About SSI:**

Surveillance Systems Inc (SSI) is headquartered in Las Vegas, Nevada. Over the last 22 years, SSI has grown to become the largest gaming integrator in the U.S.A. SSI provides consulting and design, system engineering and installation services to many verticals with an emphasis on casinos throughout the U.S., Canada and the Bahamas.

## **Todd Flowers, President of SSI stated:**

“I’m incredibly excited to have Angel and his team join forces with SSI. Not only will we be able to expand our offerings, but we will also double the size of our fantastic field services division. Together, we will provide full casino systems design and installation that includes video and access control, low voltage, audio/visual systems, communications, DAS and network systems.”

## **About Technology Integrators:**

Headquartered in Phoenix, Arizona, TI has approximately 40 employees, comprised of installation specialists, engineers and innovation experts. TI’s services include communications, audio/video, surveillance, access control and network integration. TI is the solution provider for casinos, commercial/enterprise, healthcare, education and municipalities.

## **Angel Chacon, President of TI added:**

“We are thrilled to announce our merger with Surveillance Systems Incorporated, a partnership that brings together our shared vision of innovation, excellence and customer satisfaction. This merger represents a significant milestone for both companies, and we are immensely grateful for the opportunity to combine our strengths.”
